John Bolton and Mike Pompeo headlined the annual United Against Nuclear Iran (UANI) summit, where speakers celebrated the strangling of the Iranian economy under U.S. sanctions, cheered on regime change and promoted war. The conference was held here in NYC on Sept. 25, 2018 sponsored by an organization called United Against Nuclear Iran. Other speakers included Sen. Joseph Lieberman and the Foreign Minister of Saudi Arabia. Pompeo's speech was interrupted by two women from World Can't Wait and Code Pink and a Peace Action student activist.
